Data Quality Does Not Happen in a "Silo"

- Data quality starts at the source not at the send

- Collaboration between ESE Programs and MIS staff is essential.

- There are many reports available to schools.

- MIS/IS Staff can request reports (NWRDC CICS Student Component Menu / Option 26 – Reports for Request).

- SIS reports may be available for ongoing checks

Building the Unadjusted Cohort

- Include all first-time 9th graders in fall 2015 membership in your district (Year 1)
  - From Survey 2 Demographic and Course formats
- Add incoming transfers on the same schedule to graduate found in Survey 5 and End of Year Status
  - New 9th graders in Year 1
  - New 10th graders in Year 2
  - New 11th graders in Year 3
  - New 12th graders in Year 4

14

Formats Used for the Cohort Build

  - Format: Student Demographic Information
    - Survey 2/Year 1
    - Survey 5/Year 1 – Year 4
  - Format: Student Course Transcript Information
    - Survey 2/Year 1
  - Format: End of Year Status

    - Survey 5/Year 1 – Year 4
  - Format: Federal/State Indicator Status
    - Survey 2/Year 1
    - Survey 5/Year 1 – Year 4

- SWD status is based on initial entry into the 9th grade cohort or status at time of transfer (out-of-state or inter-district)

- Age is not a consideration in the cohort build

16

Graduation Rate Data Corrections Process

- A preliminary 3-year file is made available in late spring.

- Survey 5 is pulled for the initial cohort purposes when Survey 5 closes.

- Initial 4-year cohort file is created immediately following the initial pull. (After Survey 5 close)

- Graduation Rate Cohort Corrections web application opens once the cohort file has been created. (Approx. late Nov.)

- The numerator and denominator are available on the web application and update throughout the corrections process.

- The web application for the Graduation Rate Cohort Corrections process serves as the review/appeals process.

17

Florida's Cohort Dropout Rate

- Based on the Federal Uniform Graduation Rate Cohort.

- Percentage of students who drop out within four years of their first enrollment in high school.

- Students who transfer out of the cohort or are reported as deceased are removed from the calculation.

- A dropout is defined as a student who withdrawals from school for any of several reasons without transferring to another school, home education program, or adult education program.

- Same as what is reported on EdFacts.

What is FETPIP?

Florida Education & Training Placement Information Program

- A data collection and consumer reporting system established by Florida Statutes Section 1008.39 to provide follow-up data on former students and program participants who have graduated, exited or completed a public education or training program within the state of Florida.

- The information collected is for the purpose of evaluating and improving public programs, and for improving services to individuals who have been placed after participating in a workforce training program.

FETPIP Cohort Data Searches

FETPIP matches students to follow-up outcome data using the Social Security Number provided by the district when reporting student data to the PK-12 Student Database

(*Student Number Identifier, Florida*).

Indicator 14 – FETPIP Matching

Population for the given year:

- **ESE Exiters**
  - Single-year cohort of ESE students that graduated or exited high school

  - **Using valid SSN reported by district via the PK-12 Student Database (*Student Number Identifier, Florida* data element)**

Indicator 14 – FETPIP Matching

Population search locations:

- **Continuing Education**
  - Enrolled in Fall and/or Spring semesters for the next academic year after the ESE Cohort in higher education
    - State University System
    - Florida College System
    - District Postsecondary (excluding Adult education programs)

- **Enrolled in other postsecondary education or workforce training**
  - Workforce Investment Act – Adults
  - Workforce Investment Act - Youth
  - District Adult Education

Indicator 14 – FETPIP Matching

Population search locations:

- **Competitively Employed**
    - Florida Wages only (does not include private employment or volunteer work)
    - Employed during one of the four quarters following the cohort year and the best quarter wage is greater than the minimum wage threshold
        - Example – 2017-18 cohort: Employment quarters = July-Sept. 2018, Oct.-Dec. 2018, Jan.-March 2019, and Apr.-June 2019
            - If one of the above quarters is greater than the full-time minimum wage threshold ($2,106) then that quarter wages will be counted

- **Other Employment**
    - Florida Wages only (does not include private employment or volunteer work)
    - Employed during one of the four quarters following the cohort year and the best quarter wage is greater than zero, but less than the minimum wage threshold

Data Quality Issues and Reminders

- There are many reports available designed to assist with data quality during the survey processing window

- Reports can be requested during survey processing on a nightly basis by MIS

- Refer to the **PK-12 Database Manuals User Manual** for complete list of reports and formats
